SCHOOL ADVISORY FORUM

MEETING MINUTES

Date	Monday, October 26, 2026	**Time**	3:00 p.m.
Location	Media Center	**Recorder**	K. Williams

Attendance

9 SAF members and guests in attendance.

Call to Order

The Deerfield Beach High School School Advisory Forum meeting was called to order at 4:05 p.m. by Clover Gordon. Kelan Williams recorded the minutes.

Agenda Items and Discussion

Agenda Item	Minutes / Summary
1. North Area Advisory Updates	School lunch accounts and meal access were discussed. The school has a reported lunch-payment debt of $800,000. Deerfield Beach High School receives 100% free lunch. Notifications are sent when students are low on funds. A suggestion was made that the PTA/PTO could help fund student accounts. Questions were raised for the North Area regarding how parents are informed when students have an obligation, whether a formal notification process occurs before withdrawal or graduation, and whether students with dietary restrictions are receiving lunch.
2. Announcements	School Board Question #1 was identified as the referendum question. A parent stated that district support personnel were unaware of the issues affecting the hospitality lab. The lab has reportedly been under construction for more than four years. Scoreboard update: Deerfield Beach and South Plantation were reported as next on the list for scoreboard repairs. Track work will follow the scoreboard because electrical work is needed first.
3. Q&A / Open Discussion	No additional questions or open-discussion items were recorded.
4. Next Meeting	The next SAF meeting is scheduled for Monday, November 30, 2026 at 4:00 p.m.
5. Adjournment	The agenda included adjournment. The adjournment time was not recorded in the notes.

Action Items / Follow-Up

- Obtain clarification from the North Area about how parents are notified of student obligations before withdrawal or graduation.
- Confirm whether students with dietary restrictions are receiving appropriate lunch options.
- Request an update regarding the hospitality lab issues and the extended construction timeline.
- Continue monitoring the scoreboard repair and the sequence of electrical and track work.
