

FAMILY AND COMMUNITY ENGAGEMENT PLAN 2024/2025

Cultural Awareness

Broward Schools serves students and families from various countries and cultures. Identify school practices that demonstrate how the values and traditions of the diverse community are incorporated in your school's culture. (ex. serving dishes from a particular culture during school events; acknowledging traditions and holidays; communications and signage in different languages, etc.)

Culture: Haitian, Hispanic, African American

How is the school acknowledging this culture?

- ❖ We acknowledge Hispanic Heritage Month with a program allowing students to present typical dancing from their countries. Students are also encouraged to bring in food from their country for other students to sample.
- ❖ We will have a Haitian Flag Day program where the students present dancing and other cultural importance, they will also bring food for all students to sample.
- ❖ We are also starting an international club where students can learn about the differences of other cultures. We celebrate African American Heritage Month and highlight the contributions of African Americans to society.

Comments:

Our goal is to increase schoolwide cultural relevance by engaging adults and students to participate in multicultural activities reflective of the school's ethnic demographics and cultural norms. The secondary aim is to acknowledge all student cultures and embrace similarities and differences to foster authentic experiences and interactions that address the cultural needs of all diverse student groups.
