**hazel** Hazel Health in partnership with families from the comfort of home or school

Hazel Health knows a student needs to have their first teacher, the teacher who families know about their students is vital to providing care. That's why we work with families to ensure the best outcome for their students.

Your student will never receive care without your consent. How we partner with families:

Parent permission	Care at the school in facilities	Visit from home
Visit from home	Care at the school in facilities	Parent permission
Visit from home	Care at the school in facilities	Parent permission

We provide care via video, in-person, or in-person connected to 24/7 via facilities that have to have access to our network to get their students the care they need.

Medical team available 24/7
