COACHING

My focus is to improve and provide support to teachers to help them improve literacy instruction to increase student achievement

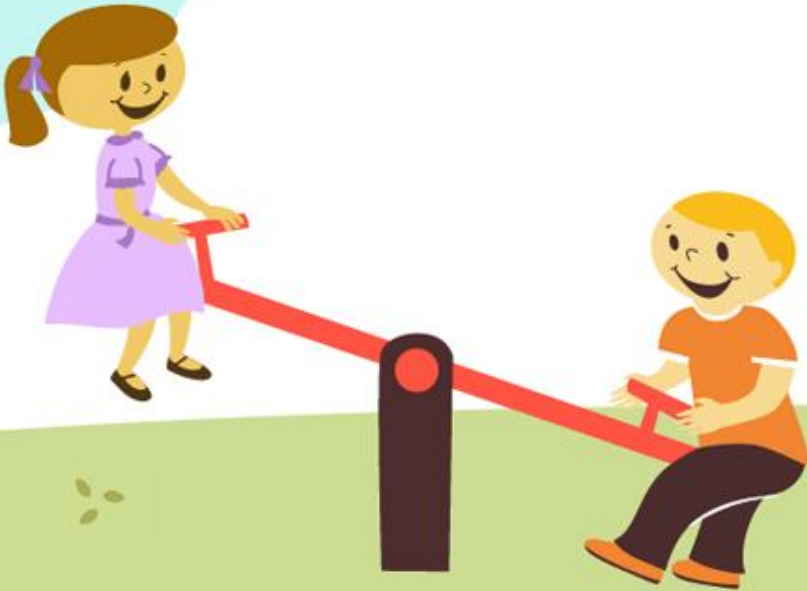

Standards, Curriculum, Instruction & Intervention

Standards- knowledge and skills that are expected to learn.

Curriculum-

Instruction-

Intervention- strategy or action taken by school personnel to support a student with specific needs, whether its academic, behavioral, or social-emotional. The goal is to provide targeted, extra support to help a struggling student.

DISTRICT MANDATED CURRICULUM

▪ READING 180-

Provides a blended, differentiated and research-based reading intervention for students

Anything above 205

Any student that is not reading on grade-level

▪ THE CODE

Provides foundational literacy skills.

Anything below 195

(suggest that additional support is needed)

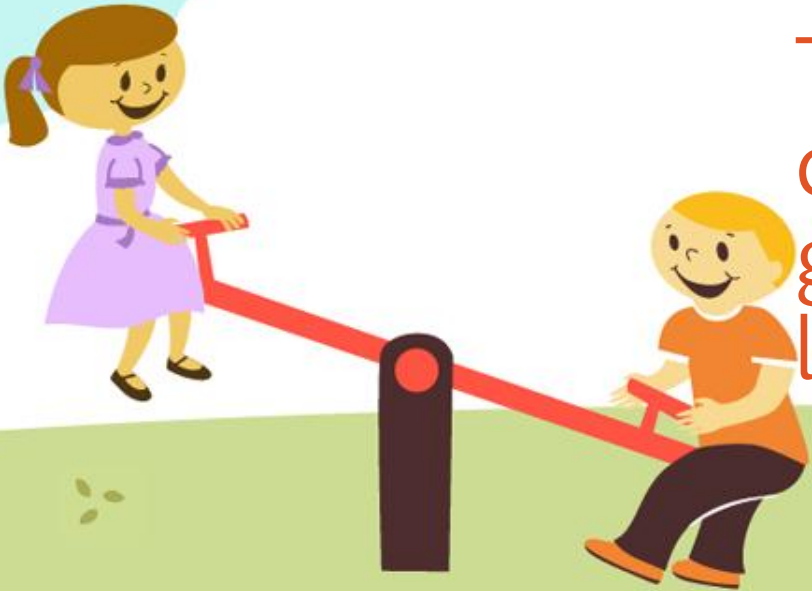

DATA CHATS

Should be used to further support student learning and success.

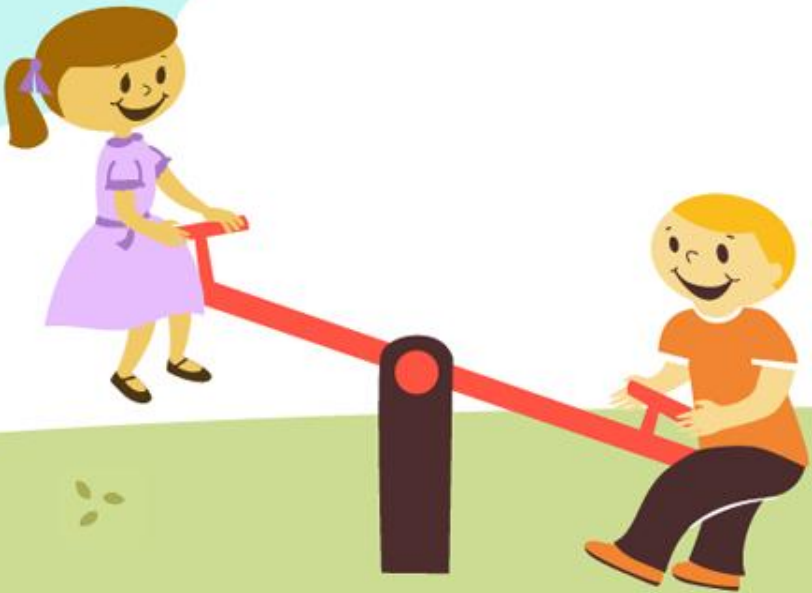

They should know their academic data

Teachers should use this at their discretion to monitor, support and to give the student “ownership of their learning” – (Advocate for themselves)

Professional Learning

Helps a school improve their knowledge, skills, and classroom practices, leading to better student learning and engagement.

FAMILY ENGAGEMENT

Literacy Leadership Team

Continue to strive and collaborate with the families of our students to promote Literacy enrichment at home and in school.
