

Fort Lauderdale High School Positive Behavior Plan

2025-2026

The school wide-positive behavior plan (SPBP) was created by a committee of teachers, parents, administrators and community stakeholders to develop a school-wide positive behavior plan for use by FLHS students, faculty and staff. The school-wide positive behavior plan has defined benchmarks and resources based on objective data collection and analysis. The goal of the School-wide Positive Behavior Plan is to reduce the most common misbehaviors that have resulted in suspensions, expulsions, and/or police involvement at the school. The intent is that students & faculty will be rewarded for positive behavior and taught school wide expectations & rules. The school will employ effective consequences in adherence with the School Board of Broward County Secondary Discipline Matrix. Data will be used to track progress and identify target areas for intervention.

School-Wide Expectations and Rules:

- Essential part of our school's culture and language
- Apply to all staff, students and settings across campus
- Are taught like the academic core curriculum
- Are reinforced/rewarded when exhibited as academic accomplishments are rewarded
- A Reward System will be used and taught to students and staff to encourage and model appropriate behavior

School-Wide Expectation: Flying L PRIDE

P- Patience

R-Respect

I-Integrity

D-Determination

E-Excellence

Expectations and rules will be taught in the classroom by teachers. Lesson plans will be available for all teachers to use. The rules and expectations will also be posted throughout the campus and on the school website.
