 - (b) Complete the yellow highlighted cells.
 - (c) Auto-calculate the "% of Total Population" by clicking on each "!Zero Divide" in the cells and pressing "Fn + F9".
 - (d) Determine if the core is effective in all three areas.

III. > 5 referrals (high-risk students)	6	0.46%	Are your >5 referrals <5%?	⊠Yes □No	

3B. Core Effectiveness Action Steps:

|--|

Answer either (a) or (b):

- (a) If your core is effective, then identify action steps your school leadership team should continue to take for early identification of at risk or high-risk students.
- (b) If you answered "No" to at least one of the items above (I, II, or III) then indicate the supports and interventions and action steps your school leadership team will implement at the beginning of the next school year to improve core strength:

Core Effectiveness Action Steps: (3-4 detailed steps)

- 1. Ensure Tier 1 interventions (schoolwide universal supports) are strong & proactive. SPBP team will review tier 1 interventions and identify ways to be proactive schoolwide.
- 2. Monthly collaboratively problem-solving team meetings Meet with the CPST team to review flagged students. Include teachers, support staff & counselors for a holistic view.
- 3. Proactively communicate with families/parents & include them in the support & planning processes via SAC meetings.

4.

3C. Disproportionality is often measured with the relative risk statistic calculation (Relative Risk Ratio = RRR), a measure that indicates the probability of a certain event (e.g., referrals) for one subgroup when compared to all other subgroups.

Relative Risk Ratio calculations are coming soon with the Focus Data System migration.

3D. Disproportionality Action Steps:

What activities/initiatives/programs will your school leadership team implement to prevent disproportionate discipline outcomes within sub group populations (race, SWD, ELL)?

Disproportionality Action Steps: (3-4 detailed steps)

- 1. Develop clear, consistent behavior expectations and consequences across classrooms. Every classroom will have a progressive discipline chart that includes schoolwide expectations and consequences.
- 2. Informally consult with student groups to gain input on schoolwide discipline & incentives.
- 3. Encourage teachers to develop strong relationships with all students.

4.

CRITICAL ELEMENT # 6: Recognition Programs

6A. The schoolwide recognition system focuses on reinforcing schoolwide expectations OR a specific location where referrals often occur. The recognition should be used to encourage, acknowledge, and reinforce students to exhibit positive behaviors.

Identified Schoolwide Expectation OR Specific Location: Be Respectful

4 Step Problem Solving Process	Plan Details		
1. Problem Identification: Review your behavior data to identify one school-wide problem. What problem did you identify? (use numerical data)	Problem Identification Statement: What problem did you identify? During the 24-25 school year, Tequesta recorded a total of 47 incidents of student disobedience and insubordination, indicating a light pattern of non-compliance with school rules and adult directives.		
2. Problem Analysis: Why do you think this problem is occurring? What is your goal? (create a SMART goal statement with numerical data)	Hypothesis: Why do you think this problem is occurring? This problem may be occurring due to inconsistent reinforcement of behavioral expectations and a lack of proactive behavioral support across settings. SMART Goal Statement: By April 2026, disobedience and insubordination incidents will decrease by at least 10% (from 47 to 43 or fewer incidents) through the teaching of schoolwide expectations by assistant principals, explicit semester teaching of classroom expectations by teachers, and rewarding positive behaviors in the classroom daily and during lunch weekly.		
3. Intervention Design: Describe how you will implement a positive reward program/system to decrease this problem.	Type of Program/System: Token system :Cougar Bucks Description of Program/System: (≥ 4 sentences) How you will implement a positive reward program/system to decrease this problem? Tequesta will continue using cougar bucks as the positive reward system. All staff will be encouraged to reward students for exhibiting the expectations of school. Students will be rewarded with cougar bucks that they can redeem for lunch time rewards. Each quarter the color of the cougar bucks will be changed.		
4. Evaluation: A. Implementation fidelity	How will you monitor the fidelity (consistency and effectiveness) of the staff's implementation of the reward program/system? (2-3 sentences) To monitor the fidelity of the staff's implementation of the reward system students will be informally surveyed, classroom walkthroughs and spot checks will be conducted.		
B. Student outcome monitoring (use numerical data)	How will you know if the reward program/system is positively impacting students? What measurable data will you use to determine "success"? (2-3 sentences) Evidence of the reward system positively impacting students will come from tracking how many cougar bucks are issued quarterly and tracking the students who are receiving cougar bucks quarterly.		

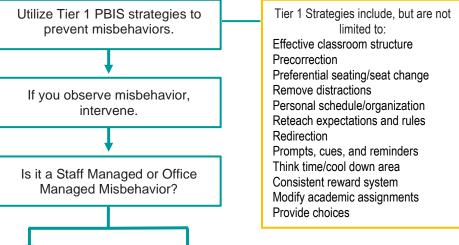

6B. Character Education is an educational and award program utilized to teach and recognize students who display positive character traits each month. Please refer to the BCPS website for lesson plans, videos and additional resources to support this recognition program at your school.

	Monthly Character Traits	Plan Details How will you recognize Kids of Character each month? (2-3 sentences)
1.	September: Cooperation	
2.	October: Responsibility	
3.	November: Citizenship	Students are recognized monthly for exhibiting good character. Our Kids of Character liaison
4.	December: Kindness	sends a monthly email to staff describing the character trait for the month, teachers nominate

CRITICAL ELEMENT #8: Classroom Management Systems

8A. Evidence-based Tier 1 classroom management system:

Which evidence-based system(s) are you using?	Provide 3-4 measurable and observable action steps the team will take to help educators improve their classroom management system. (3-4 detailed steps)
 ☑ CHAMPS ☑ Positive Behavior Interventions and Supports and the Classroom https://fl-pda.org/#/category/26 ☐ Other: Click here to enter name of system. 	 Teachers will explicitly teach behavior and document in lesson plans. Teachers & staff will begin rewarding students with cougar bucks. Evidence of this will be collected quarterly to track the effectiveness & usage of the system. Collect & analyze behavior data with PBIS team to identify trends & problem areas. 4.

8B. The administration reviews and analyzes the fidelity of staff implementation of Tier 1 classroom management systems *across teachers* using:

□ CHAMPs 7 Up Checklist □
☐ Classroom Snapshot (Classroom Management Assessment) 🚺
□ PBIS Classroom Assistance Tool (CAT) 👔
□ Other (specify):

- 8C. Percentage of classroom referrals: <u>Use current 2024-2025 school year behavior data</u> as listed in Focus.
- (a) Review your classroom data YTD in Focus Discipline Category Breakdown Location.
- (b) Complete the yellow highlighted cells.
- (c) Auto-calculate the % of referrals in the classroom by clicking on "!Zero Divide" in the next cell and pressing "Fn + F9" together.

Total number of discipline referrals from classrooms:	129
Total number of other school-wide discipline referrals (not including classrooms):	<mark>242</mark>
% of referrals in the classroom:	53%
Do more than 40% of your referrals come from the classroom?	⊠ Yes □ No

If >40% of discipline referrals come from the classroom, it suggests Tier 1 classroom management implementation may need to be strengthened school wide.
