WHAT IS A SCHOOL ADVISORY COUNCIL?

"The School Advisory Council (SAC) is a school-based group intended to represent the school, the community, and those persons closest to the students that share responsibility for supporting the school's continuous improvement. The district school board is responsible, by Florida law, for establishing an advisory council for each school in the district and developing procedures for the election and appointment of advisory council members. Each SAC must include in its name the words "school advisory council. " For further information, see Section 1001.452(1)(a), F.S. "

WHAT IS THE ROLE OF THE SAC?

"The SAC is responsible for final decision-making at the school relating to the annual implementation of a school improvement plan (SIP). The SAC assists in the annual preparation of both the SIP and the school's annual budget, as well as the evaluation of the SIP." "For further information, see Section 1001.452 (2), F.S."
