Specials:

We are working on "Hour of Code" with all students, K-5. "Hour of Code" is a national, annual initiative. This year the program is also incorporating some AI features. The students are really enjoying this special event at NEE.

8

Kindergarten

Math: Adding and subtracting with number 0-10.

Science: Our topic is on motion. We are investigating that things move in different ways, such as fast and slow. We are also observing that a push or pull can change the way an object is moving.

ELA: Our essential question for unit 4 is "why do people tell stories?" We are describing the main characters, setting, and events in a story.

We have a field trip on January 22 to safety town at tree tops park.

9

1st Grade

- First Grade continues to work hard this quarter!
- **ELA:** We are learning about How People Create Stories.
- Working on consonant digraphs (th,sh,ng), inflection ending (ing), plurals (y-ies) and writing an opinion text.
- **Science:** We have been learning about the stars and sun.
- **Math:** We are working on collecting, representing and interpreting data.
- **Social Studies:** We have been learning about Patriotic Symbols and Holidays

10

2nd Grade

Second grade is rocking out this quarter, ready to close out 2025 with a bang!

ELA: We are wrapping up Unit 4 of Benchmark, learning all about folktales and how they share valuable life lessons for all cultures/backgrounds.

Math: We are wrapping up Topic 7, striving to become experts in mastering how to solve one to two step word problems! (using varied strategies)

Science: Starting Concept 2: Energy, push and pull this week!

Field Trip: The Nutcracker Performance, on December 12th.

*******Holidays around the world coming up!!*******

11

3rd Grade

We completed our Reading FAST PM2 yesterday and we are ready to tackle Math next week.

Reading: We're continuing in Unit 4 focusing on character perspective and hyperboles.

Math: We are working on adding and subtracting 4-digit numbers.

Science: In season of our trip to Kennedy Space Center this Friday, we're focusing on space.

Social Studies: Also, in season for our trip, we're exploring the space race and the impact Kennedy had on it.

We are EXCITED for our trip Friday (as you can see) to the Kennedy Space Center!

12

4th Grade

ELA: We are reading a variety of fictional stories told from different points of view and perspectives.

Math: Topic 7 focuses on generating and analyzing number patterns and understanding the meaning of factors and multiples, as well as prime and composite numbers by building on the students' understanding of multiplication.

Science: Students are learning about energy, motion, sound and heat including how the transfer of energy creates change or causes motion.

Social Studies: Students are exploring the effects of technological advances on Florida, examine what pioneer life was like in Florida for men, women, children, Florida Crackers, and the Black Seminoles.

Field Trip: Dec 5 – Kennedy Space / Dec 17 – The Nutcracker

13

5th Grade

Science- Physical Science: Static Electricity and Forms of Energy

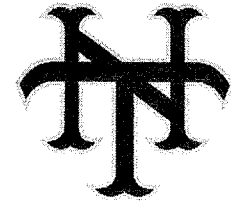

ELA- Fiction: Story Elements and Character Point of View + continuation of novel studies

Math- Coordinates and the Coordinate Plane + Review for FAST Math

Social Studies- Colonies/ DBQ Jamestown Colony + Revolutionary War

Field Trip News: 28 Spots still open for Sea World

Updates:

T. Nikki Watkins, Legislative Representative

Update regarding the Phoenix Declaration. All Florida School Districts are required to conform curriculum to the Phoenix Declaration. Concerns include politicization of education and chilling of factual content. Technical support is supposed to begin in January with full adoption by August of 2026. Long term, all students (public, charter, private, parochial, homeschool) will have to pass exams on Phoenix Declaration-compliant curriculum. No funding is being provided for compliance. Awaiting BCPS memo. See attachment to minutes.

Pamela Taylor, CAAC Chair Report

Food and Nutrition: Please continue to encourage parents to complete meal benefits applications.

Motion by Brooke Bordy, second by Dee Defoe: "Due to the effect of immigration status concerns on the completion of Meal Benefits Applications, CAAC recommends that the district not increase the Title 1 qualification threshold percentage and return to the 50% threshold utilized in previous years." Unanimously approved.

Impact of proposed schedule changes for middle and high school.

Superintendent announced that there would be no changes to block scheduling at this time prior to the meeting following substantial stakeholder feedback.

Open Discussion:

Student Health Services and the lack of nurses on many campuses:

Motion by Midge Royer, seconded by Lila Thrope:

I move that our school district revise and broaden the requirements for assigning a full-time registered nurse to a school. Specifically, schools should be required to have a full-time nurse when the number of students with significant medical needs reaches a defined threshold.

Proposed Criteria:

Medical-Need Threshold:

A full-time nurse shall be assigned to any school in which a minimum number of students, such as those prescribed EpiPens, asthma inhalers, seizure action plans, diabetes care plans, or other documented chronic medical conditions, are enrolled.

For example: If five (5) or more students have EpiPens or other emergency-response medical requirements, the school must have a full-time nurse on site.

Friendly Change: "epi pen" to "any anti-anaphylactic medication". Accepted.

Friendly Amendment to eliminate the number of children with qualifying conditions. Not accepted.

Unanimously approved.

Final Motion: I move that our school district revise and broaden the requirements for assigning a full-time registered nurse to a school. Specifically, schools should be required to have a full-time nurse when the number of students with significant medical needs reaches a defined threshold.

Proposed Criteria:

Medical-Need Threshold:

Adjourned at 11:51 AM.

Phoenix Declaration — What It Means for Broward County Public Schools (BCPS)

A briefing for parents, students, and staff

A. What it is — Phoenix Declaration (Heritage; 7 principles)

The Phoenix Declaration is a K-12 policy framework from The Heritage Foundation. It outlines seven guiding themes typically summarized as:

1. parental authority;
2. transparency of curricula and materials;
3. academic excellence;
4. citizenship and civics;
5. protection of childhood/age-appropriate content;
6. viewpoint diversity;
7. and responsible stewardship of resources.

Florida's Department of Education cites these principles as a reference point for standards, instructional materials, and district policy alignment.

B. What Florida did — Unanimous State Board adoption (11/13/25)

On November 13, 2025, the Florida State Board of Education voted unanimously to adopt the Phoenix Declaration as a guiding framework. State communications emphasized “back-to-basics” academics, a stronger civics focus (including lessons on totalitarianism/communism), and expanded parental visibility into materials and processes.

C. BCPS implications (timelines pending) - *District timelines and rubrics are pending; watch for DOE memos and BCPS implementation guidance.*

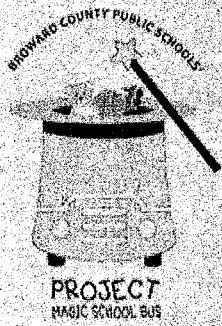

- **Instructional materials reviews:** Future textbook/course adoptions will likely require documentation of alignment to Phoenix principles (e.g., civics/anti-communism content; transparency).
- **Civics/anti-communism emphasis:** Social studies courses may add structured primary-source analysis and explicit content on totalitarian regimes/communism.
- **Parent-access processes:** Expect clarified procedures to view syllabi/materials, and refined concern/opt-out workflows.
- **Professional development:** New/expanded professional development to support teachers with content shifts and classroom implementation.

D. How to engage (parents, students, staff)

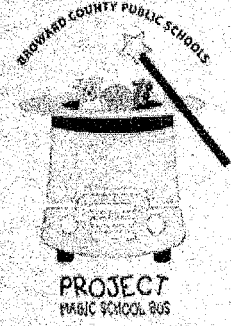

- Track School Board, SAC (School Advisory Council), and SAF (School Advisory Forum) agendas; attend when instructional materials or policy changes are discussed.
- Submit public comment on adoption rubrics and proposed policy updates; request a BCPS implementation plan with key dates, committees, and PD schedule.
- Join/observe district materials-adoption committees and provide classroom-level feedback.
- Share evidence-based resources (civics, literacy, ESE/ELL needs) to support all learners.
