WHAT IS SAC?

What is the School Advisory Council?
SAC members meet monthly to discuss the school's academic plan and progress. They discuss the School Improvement Plan (SIP) – a plan made of goals & objectives established for the school determined by needs with a focus on improving student achievement. The SAC committee also assists the school principal with budget recommendations of school accountability funds.

Why is it important for parents to be active participants in SAC?
The SAC Committee provides a place where parents can voice their opinions and suggestions for school improvement. They have an active role in making decisions that will best serve all students.
