## **General SAF Meeting Minutes**

**September 25, 2025**

**9:00-9:30**

SAF minutes 8/28/25

Recap of District Advisory Council meeting on 8/20/25

-Policy 1930- School Banners; can add photos to banners for realtors. Old banners can remain up if there is a longer agreement in place so long as they otherwise meet the policy (no religious or political banners)

-Policy 8020- Rental of School Facilities; back to workshop/school board for revision. School Allied Groups (those that exist because of the school, such as PTA) will have no rental fees for school facilities. Facilities are only used for school events occurring outside of school hours.

-FOCUS- feedback was requested; ESE access is too difficult for parents to navigate.

-District, School, Advisory websites, and customer service- all websites are currently undergoing redesign to be more uniform and user friendly. Each school has a web content manager.

-Student Health services- school nurses will only be in schools with students requiring monitoring (such as diabetes). DAC is strongly against this measure.
