ACADEMY OF EXCELLENCE

September 2026 School Advisory Council & School Advisory Forum Joint Agenda

Coconut Creek K-8 Academy of Excellence
500 Northwest 45th Avenue, Coconut Creek, Florida 33066
Jocelyn Reid, Principal

Wednesday, September 23, at 6:00 pm

I. The meeting was called to order at 6:08pm.

II. Attendance (indicate quorum in minutes)
   A. We have quorum

III. Old Business:
   A. Review and approval of minutes from the May 2026 and August 2026 meeting
      1. The approval of minutes from May 2026
         a) A motion was made by Gayle Ross to approve the May 2026 minutes and seconded by Chelsee Harwell
      2. The approval of minutes from August 2026
         a) A motion was made by Gayle Ross to approve the August 2026 minutes and seconded by Christine Lee.

IV. New business:
   A. School Advisory Council District Video
      1. The School Advisory Council District video was viewed.

V. School Accountability Funds:
   A. No information regarding the School Accountability Funds has been received as of yet. There may be funds remaining from last year. These funds should roll over, but this has not yet been confirmed.
   B. A question was asked regarding whether the school would receive A+ funds if they are released this year. The answer was yes.
   C. Another question was asked regarding whether there are restrictions on how the funds can be used and how those decisions are made. It was explained that a ballot is distributed and voted on. The funds may be allocated to teachers/staff or returned to students

VI. Principal's Update *(by Mrs. Reid, CCES Principal)* -
   A. PEACE Week: PEACE Week is taking place this week, including dress-up days.
   B. APEX Fundraiser: The APEX fundraiser begins next week. Students are excited about the fundraiser.
   C. Video Announcements: The school still does not have the necessary equipment for video announcements. In the meantime, Mrs. Reid will have students make announcements in the morning. She anticipates that participation will double or triple.

D. Testing and Student Achievement: All preliminary testing has been completed. Teachers now have baseline data on students and are moving forward with instruction based on that information. Mrs. Reid is meeting with teachers for in-house staff development to improve instructional strategies in the classroom.
E. Grants and Accolades:
    1. The 6th/7th grade teacher, Mrs. A., received a $4,500 grant to provide hands-on science activities and experiments. The school may also receive animals for the middle school.
    2. Mrs. J. Pratt received a grant for her classroom.
    3. The school received additional VR headsets for students to use for learning and real-life scenarios. The additional equipment was provided because the school's usage of VR is high.
    4. Mrs. Esposito received information about an upgrade for the media center through a STEM upgrade program. The program will provide $30,000 for furniture, cooperative games, learning stations, and other resources. The school will need to review the available items and budget for the distribution of the funds.
F. Diversity Team: A diversity team will be visiting the school this year. The team visits different schools throughout Broward County and is made up of parents and district officials who review facilities and programs. One goal is to close the media center in for privacy and other concerns.
G. Clubs: Clubs have started, with many available for middle school students and some beginning to extend to 4th and 5th grade. This year's holiday show will consist of step, band, and chorus clubs.

VII. There were no SESIR incidents to report.

VIII. Title I / School Improvement Plan (SIP) with Title I Plan (Addendum) is still a work in progress.
A. The school did very well in all areas last year. Areas of continued focus include increasing student achievement.
B. The school's name had been on the list for six years for not meeting district and state standards for ESE. These standards can be difficult to meet because the school has clusters in which students are taking the same tests, including students who are working off standards.
C. Students were identified last year who should help balance this out. Students working off standards are not usually identified until 4th grade. When Mrs. Reid first arrived at the school, everyone was taking the FAST assessment, even when they should not have been. Gifted enrollment did not have high numbers initially. The school received an "A" overall, but ESE remains the primary area of focus.

IX. Open Discussion
A. A question was raised regarding the previous SAC meeting, when it was stated that there were more students than anticipated and that restructuring would occur. The current status was requested.
    1. It was explained that only kindergarten needed to be rearranged. A 1st-grade teacher was moved to kindergarten, resulting in three kindergarten teachers and two 1st-grade teachers.
B. A question was also asked regarding whether students who need additional hands-on support would all be placed in the same classroom as the student population increases.
    1. It was stated that they would not.

X. North Area Advisory Council Updates-
A. The North Area Advisory Council meeting was described as a great meeting.

B. School Bus Cameras: All Broward County school buses now have exterior cameras through a program called Alert Bus. The new system is up and running this year.
    1. Bus Safety: Florida ranks #2 for bus accidents, with approximately 8,000 accidents per year. The system will ticket individuals who illegally pass a school bus. The amount of revenue the district may receive from the tickets was not known. All costs associated with the program are covered by the program.
C. Open Positions: There are currently seven positions open.
D. School Accountability Funds:
    1. SACs hold authority over School Accountability Funds.
    2. The topic must be included on every SAC agenda.
    3. This is the first year that the state has not provided funds directly.
E. District Video:
    1. The district is strongly expressing the community's need to view the video.
    2. The purpose is to educate, not advocate.
    3. There will be a major vote in November. Members were encouraged to watch the video on the NAC website.Approximately $380 million could be lost if the measure does not pass.

XI. Adjournment - Miren motioned to adjourn the meeting at 6:53 p.m. Gayle seconded the motion.

Coconut Creek K-8 Academy of Excellence
2026/ 2027 SAC / SAF Meeting Dates:
