C. Robert Markham Elementary School

School Advisory Council (SAC) Meeting Minutes
Date: October 7,2026
Location: Media Center

Call to Order

- Time: 5:15 PM
- Led by: Kicha Lovinska

District Updates

- A district-mandated video was presented, highlighting student achievement and learning growth. The video explained how to access detailed school reports and reviewed changes to the grading scale for the 2026–2027 school year. These changes will apply to schools throughout Florida. The video also explained how school letter grades are calculated.

School Updates

- Ms. Allen provided updates on upcoming school activities, including Red Ribbon Week. She reminded attendees that school highlights and updates can be found on ClassDojo.
- Ms. Allen also announced that the school groundbreaking ceremony is scheduled for **October 30 at 10:00 a.m.**

Calendar Updates & Important Dates

- November 3: Employee Planning Day (No school for students).
- November 5 & 6: Honorable Assemblies for Primary and Intermediate students (Veteran's Day theme).
- Upcoming: Fall Break followed by the distribution of interim reports.
- Parent Reminder: Parents are strongly urged to stay on top of student progress and grades, as they are critical for promotion criteria alongside state assessments.

Academic Data & School Improvement Goals

Presented by Mr. Campo, reflecting on the previous School Grade PowerPoint:

- School Goal: The ultimate target is to reach a school performance grade of 65%.

- FAST PM1 (Progress Monitoring 1): Serves as the baseline data indicator for Reading and Math (K–5) and Science (5th grade). Because PM1 tests grade-level content students haven't learned yet (e.g., fractions in math), baseline scores are typically low.
- Goal for PM2: Decrease the percentage of Level 1 (red) students and accelerate growth into Levels 2, 3, 4, and 5.
- Current Status:
    - Reading: Growth is needed across 3rd, 4th, and 5th grades. Strategies in place include daily Tier 1 instruction, interventions, tutoring, and extra support through specials.
    - Math: Currently, 11% of students are proficient. The goal is to raise math proficiency to at least 55%.

School Improvement Plan (SIP)

- Every school creates an annual SIP composed of multiple moving parts (including Title I components and family engagement pieces) designed to boost student performance and improve instructional practices.
- Access: Once the official SIP is approved for this year, it will be posted publicly on the school's website.

School Environmental Safety Incident Reporting (SESIR) & Discipline

- Current Count: 0 SESIR incidents reported to the state.
- Clarification: SESIR events are serious, higher-tier infractions (e.g., severe fights, major threats) reported directly to the state, unlike minor classroom non-compliance.
- Parent Q&A: A parent asked if families are notified before a behavior issue reaches state-level reporting, expressing concern over past communication experiences with general referrals. Mr. Campo confirmed that parents are absolutely contacted directly regarding these serious disciplinary matters.

Next Meeting

- Date: November 4, 2026
- Time: 5:00 pm. Information and reminders will be sent out ahead of time.

Adjournment

Time: 6:00pm
