The 2025-2026 Parent and Family Engagement survey is currently on the school's website. We need to collect at least 10% of the student population which equates to 124 surveys. The parents were given flyers with a QR code that takes them to the survey.

### Parent engagement Allocation

Currently used for snacks during parent engagement events each month. The parents were asked for their input regarding what else we could do with these funds. The parents said since the snacks are successful then keep using it for snacks.

Mrs. Sainvil said she will look into whether some of the money could be used for science engagement during the parent events.

6. Open Discussion

Mrs. Sainvil

When asked for their input on the current School Improvement Plan:

- The parents mentioned assessment and asked how that is going so far

For PM2 this year most of our students have already tested

-ELA 50% proficiency

-Math 37% (excluding Geometry and Algebra)

The parents asked for a comparison with 2024-2025 PM2.

Last year at PM2

ELA was at 45 % and Math was at 34% so there is some academic progress.

- Ms. Flynt queried about the badges on Focus and how they are being used. Mrs. Sainvil explained that we have a Positive Behavior Plan and this aims at proactively dealing with behavior. There are badges in Focus and teachers will award students for the behavior that is on the focus calendar for that day/week.
- A parent made a query about the 5000-role model program. Mr. Martin explained that last year the community liaison was the person in charge and his position was eliminated. He added that he will have more information later.
- 
- The parents asked about tutoring and extra Learning opportunities (ELO) Mr. Martin mentioned that we are in the process of setting up ELO for when we return after Winter Break. We are looking at February 2026 as the start of the Saturday program.
