• **Redefining Our Schools:**

- BCPS is changing to better meet student needs now and in the future.
- 207 million dollar loss due to student enrollment. There are approximately 50,000 open student seats.
- Underenrolled schools tend to have fewer electives and specials, limited courses, and facility issues.
- Options for redefining could involve full choice schools, change grade level configuration, merging or combining schools, changing school boundaries, closing schools, repurposing schools for community use, and leasing or selling schools and other properties.
- The implementation of changes would be for the 2025-2026 school year.
- The presentation was followed by break out discussions at tables by the attendees.
