AICE/Cambridge Program A. Shea, AICE Exam Officer
 - **Diploma & Course Requirements-**Students who are on track for a standard diploma but have not yet met with guidance should do so as soon as possible. Course evaluations are ongoing to ensure all requirements are met.
 - **Course Tracker & Availability** - The course tracker is available on the school website, in the school counseling office, and on the Cambridge Canvas page. Students can visit the office and meet with

Cambridge Coordinator and Exam Officer any day to review their progress.

- **University & Credit Acceptance** -Many universities accept Cambridge credits, although students may need to go through an international scheduler for credit transfer. There is a misconception that universities do not accept these credits; this is incorrect.
- **Bright Futures Scholarship**—One of the key challenges students face is meeting the SAT score requirement. The Cambridge program provides an alternative path for students to qualify for 100% Bright Futures. To be eligible, students must complete seven Cambridge courses covering all required subject areas and 100 service hours.
- **Communication & Next Steps**—We discussed plans to send relevant information to students and families. Ensuring clear communication about diploma requirements and available resources remains a priority.
- **Advanced Academic Night**—The event will occur on 1/31/25 and feature presentations by AICE Cambridge Coordinator Lisa Jones and AP Coordinator Ms. Magna highlighting advanced programs available to students. In the general assembly, students will learn about the different courses provided by the discipline. After the general assembly, scholars will walk the campus to meet with the teachers to get a more detailed description of what they offer for each program.

Advanced Placement Program- M. Megna, AP Coordinator

- **Impact of AP & Cambridge Exams on GPA**- Students who do not take their Advanced Placement (AP) or Cambridge exams lose their bonus points, directly impacting their GPA. Coordination between AP and Cambridge exam dates has been completed to minimize conflicts. AP test dates can only be changed with an allowable excuse.
- **AP Program Performance & Growth** - Cooper City High has been on the AP Honor Roll since 2023. The school experienced a decline during COVID-19 but has since seen a 40% increase in AP participation.
- **Pre-AP Course Offerings & Purpose** - Introduced four years ago to help students develop essential skills such as time management, critical thinking, and study techniques. Pre-AP courses do not grant college credit but prepare students for the rigor of AP coursework. Currently offered across mathematics, science, English, social studies, and humanities.
- **AP Course Offerings & Recommendations** -
 - **Freshman Year:** Recommended AP courses include AP Human Geography and AP Computer Science Principles. AP Capstone

Seminar is available but may be too rigorous for most freshmen.

- **Sophomore Year:** Pre-AP English and additional preparatory courses are recommended before transitioning to AP in junior and senior years.
- **Junior & Senior Years:** A wide range of AP courses is available, including AP English, history, sciences, and mathematics.
- **AP Capstone Diploma:** To earn this distinction, students must complete AP Seminar and AP Research in consecutive years, along with four other AP courses.
- **AP Exams & Testing Logistics-** AP exams are scheduled in May over two weeks, coinciding with EOCs, ELA assessments, and Cambridge exams. Most AP exams, except for specific portfolio-based assessments, will be administered digitally this year.
- **Next Steps & Key Considerations-** Ensure students understand the impact of exam participation on GPA. Continue supporting students with resources to prepare for AP exams. Monitor scheduling conflicts to minimize stress during the testing period.
- **AP Testing Schedule and Procedures**
 - **Exam Dates and Times:** AP exams are scheduled from May 5–9 and May 12–16, 2025. Morning exams begin at 8:00 AM, with students required to arrive by 7:40 AM. Afternoon exams start at 12:00 PM, with students expected by 11:30 AM. These times are standardized across the Southeast region.
 - **Late Testing:** Some exams have been rescheduled for late testing dates. Affected students have been notified via email and can view their updated schedules in AP Classroom.
 - **Conflict Resolution:** Cambridge exams are given priority, followed by AP exams and then EOC assessments. Due to potential scheduling conflicts, especially with ELA exams, alternative dates will be arranged as needed.

d) Mid-Year Reflection E. Lopez, SAC Co-Chair

- Each department creates a SIP goal at the beginning of the school year. The goals are as follows:
 - **Acceleration:** The percentage of CCHS students earning Acceleration points will increase from 82% to 87% by June of 2025 as measured by Dual Enrollment, CTE Industry Certification, AICE, and Advanced Placement exams.
 - **Science:** The percentage of Biology students scoring proficient or higher on the Biology EOC will increase from 71% to 74% by June 2025 as measured by the Biology EOC.

- **ELA:** By June 2025, the percentage of Level 3 or higher in 9th and 10th grade will increase from 73% to 78% as measured by the ELA FAST PM3.
- **Social Studies:** 2024-2025 Smart Goal: By May 2025, Social Studies achievement will increase from 84% to 88% as measured by the U.S. History EOC exam.
- **Math:** By June 2025, Algebra achievement scores will increase from 69% to 71% as measured by the Algebra EOC.
- Through the Midyear reflection department heads gather data to determine if the SIP goal will be achieved.
- Departments are submitting their mid-year reflections on the SIP goals established at the beginning of the school year.
- By February 1st, Broward County Public Schools will make these reflections available for review.
