- Detention Program:

- ☐ Mr. Kocis reported that the detention program has been a successful deterrent for student behavior and serves as an intervention to prevent the loss of instructional time. The program has a 95% compliance rate. The rate is \$50 per detention monitor. Certified teachers can assist students with homework, and students have access to computers. Detention is offered from 8:00–8:45 a.m. and 4:00–4:45 p.m. The requested amount is \$6,000 to support approximately 30–35 weeks of the detention program. The Detention Program is part of the School Improvement Plan. Parents asked how many students received detention last year. During the first month, many detentions were related to tardiness. All allocated funds were used last year. Teachers can issue detentions as well. The motion was made and passed unanimously.
