Central Park Elementary School
School Advisory Form (SAF)
Meeting Minutes
September 30, 2026

The Central Park School Advisory Forum (SAF) met on September 30, 2026. Mr. Ewart called the meeting into order at 8:32 AM.

Guests that attended: Douglas Satran, Jael Ciappesoni, Paula Renaldo, Sara Cruz, Chris Braddy, Jessica Guerra, Craig Ewart, Marlow Ewart, Andrea Moscosso, Shareeke Edmead-Nesi, Natalya Idrisov, Lori Turner, Makayla Rotlewicz, Karen O'Hare, David McPhee, Monika Moorman, Nicole Spence, Michelle Sznapstajler, Alicia Keppel, Lisa Raska, April Allen

Mr. Ewart requested a motion to approve the minutes from the August meeting. Ms. Raska made a motion to approve the minutes. Mr. Satran seconded the motion.

Mr. Ewart mentioned the proposed bylaws amendments from the previous meeting. Mr. Ewart said that he would like to submit the proposed bylaws into the record. Mr. Ewart requested a motion to take amendment 1 to a vote. Ms. Renaldo made the motion and Ms. Edmead-Nesi seconded the motion. Mr. Ewart noted that all voted in favor of amendment 1. Mr. Ewart requested a motion to take the second amendment to a vote. Ms. Edmead made the motion, and Ms. Moscosso seconded the motion. Mr. Ewart noted that all present voted in favor of Amendment 2. Mr. Ewart shared that Mr. Dulberg has volunteered to be the staff representative for staff feedback. Mr. Ewart requested that we take this to a vote. Mr. Ewart noted that all voted in favor for Mr. Dulberg to be the staff representative.

Mr. Ewart explained the purpose of the SAF position statement. Mr. Ewart said that this would serve to create a unified statement that consolidates groups feedback that can then be submitted to a principal, district or school board member if need be. Mr. Ewart explained that the process is that a statement be drafted, then a member moves to adopt the drafted statement and another member seconds it. Mr. Ewart said that the outcome will be recorded in the minutes to be signed and adopted by the SAF president.

Mr. Ewart explained the iReady policy change. Mr. Ewart said that some of the school board wanted to wait on principal feedback before making a decision however an elementary school sub-committee rushed the vote through. Mr. Ewart said that this sub-committee shared a presentation with research that addressed parent concerns with screen time. Mr. Ewart said that District administration drafted and executed an absolute ban by district administration but excluded internal AI experts from planning discussions. Mr. Ewart said that this resulted in i-Ready being reversed from a 45 minute weekly minimum to a strict maximum, blocking i-Ready usage after 3:30 PM. Mr. Ewart added that computers and STEAM robotics were abruptly removed without a transition strategy. Mr. Ewart indicated that i-Ready equated to ten weeks of additional instruction prior to these limitations.

Mr. Ewart discussed staff shortages and class sizes. Mr. Ewart asked if anyone has felt that there is overcrowding due to staff shortages. Ms. Turner said we don't have that issue. Mr.

Ewart said that multiple grades across the district exceed state class-size maximums. Mr. Ewart said that the advisory motion was that there be a class size audit.

Mr. Ewart discussed technology and screen time reduction. Mr. Ewart said he would like to provide feedback about the iReady cutback and encouraged staff to share their concerns with Mr. Dulberg.

Mr. Ewart discussed school consolidations due to under enrollment. Mr. Ewart said that this under enrollment is a result of a demographic shift. Mr. Ewart said that there is a lack of children due to unaffordability, like house inflation.

Mr. Ewart said that Title I funding is allocated based on the lunch surveys. Mr. Ewart said that parents need to complete this lunch survey as soon as possible.

Mr. Ewart explained the legislative updates. Mr. Ewart shared the cursive writing mandate and the classroom display requirements for civics. Mr. Ewart shared the communism history mandate but says that the school leaders and advisory members are still awaiting age-appropriate instructional materials from the district and state. Mr. Ewart shared that the sessions to discuss the changes for the 2027 calendar have been rescheduled to March 2, 2027 and the committee hearings moved to late 2026. Mr. Ewart said issues include teacher salary compressions, school choice funding, AI in education and student data privacy.

Mr. Ewart discussed the district boundary redefining process. Me. Ewart explained the committee restructuring. Mr. Ewart said that the North, South and Central Area Advisory Council reps no longer serve on the school boundary committee. Mr. Ewart said that the new point of contact will be Alan Bushkin.

Mr. Ewart discusses Children Services Council Resources. Mr. Ewart said they support and fund a range of comprehensive mental well-being programs tailored to support the unique needs of children and families in Broward County. Mr. Ewart explained that many resources have no income requirements. Ms. Turner said that Mr. King has a lot of activities and donates books to students. Ms. Turner added that when we have readers come that they provide readers. Ms. Turner said that we also refer students for tutoring and family support. Mr. Ewart discussed November referendum awareness. Mr. Ewart said that the Children Service Council is funded by local property taxes. Mr. Ewart said that the November ballot measure directly affects local funding models. Mr. Ewart added that they expect 50-million-dollar reduction in funding if the proposal gets passed.

Mr. Ewart said that the District Policy overhaul includes a new policy review program called Neola. Mr. Ewart explained that this program will be used to evaluate every policy in Broward County alongside the General Counsel's Office.

Mr. Ewart asked if anyone had any questions. Mr. Ewart noted that there were no questions.

Mr. Ewart requested a motion to adjourn the meeting. Ms. Renaldo made the motion, and Ms. Moscosso seconded the motion. The meeting concluded at 8:55 AM
