Draft until approved at December 2, 2026 meeting

Central Park Elementary School
School Advisory Form (SAF)
Meeting Minutes
October 28, 2026

The Central Park School Advisory Forum (SAF) met on October 28, 2026. Mr. Ewart called the meeting into order at 8:34 AM.

Guests that attended:

Mr. Ewart requested a motion to approve the minutes of the September meeting. Ms. Renaldo made a motion to approve the minutes. Ms. Rotlewicz seconded the motion.

Mr. Ewart mentioned the updates for I-Ready. Mr. Ewart emphasized that I-Ready provides learning gains for an additional one to two months. Mr. Ewart said he looked at the previous minutes from the June 28th meeting and can confirm that the decision to limit I-Ready usage was based on the financial increase. Mr. Ewart asked if teachers have noted that grade 1-2 is the year where children catch up on reading. Ms. Turner said grade 2 is where they take all the skills they have learned from grades K-1 to read effectively. Mr. Satran clarified that by 3rd grade if a child has not mastered the skill to read then they will statistically struggle with this skill for the rest of their lives. Mr. Ewart discussed how learning gains can be acquired through I-Ready. Mr. Ewart said that on a federal level, they have done research to determine that there were moderate gains with I-Ready. Mr. Ewart explained that the validation of I-Ready is national, but the funding is local. Mr. Ewart stated the question what determines 45 minutes usage? Mr. Ewart answered the question by saying that the research determined that there was one to two months of additional learning gained when used for this amount of time. Mr. Ewart said that the cost of I-Ready is 57 dollars per student compared to the additional 1,088-2,1777 per student that would be sent if schools wanted the students to acquire this growth through schooling.

Mr. Ewart discussed school progress, indicating that 37 out of 54 schools showed gains in level 3 + proficiency while 25 schools showed improvement in math was 25 schools. Mr. Ewart added that in math, 14 schools declined and 5 schools held steady.

Mr. Ewart discussed the bus control cameras. Mr. Ewart said that cameras were installed on 1,100 buses to capture drivers that pass their stop signs. Mr. Ewart said that violators face a $225 penalty after independent police review. Mr. Ewart explained that the company owns the camera and get 70 percent of the revenue while other districts only pay 30-50 percent revenue towards the company. Mr. Ewart added that the company owns the raw data, it is analyzed through AI, forwarded to the officer for review and then the company issues the violation.

Mr. Ewart said there have been intercom dead zones reported at certain schools, so an inventory needs to be done to determine if there is broken outdoor audio to ensure lockdown alerts reach all areas.

Mr. Ewart mentioned legislative and ballot updates. Mr. Ewart discussed the BCPS One-Mill Referendum and Florida Amendment 3.

Mr. Ewart said that the Elementary Subcommittee raised concerns about recess & discipline. Mr. Ewart said that statute mandates 20 minutes daily of unstructured recess and that recess cannot be taken from students as a form of discipline.

Mr. Ewart discussed testing and screens. Mr. Ewart said that staff is being pressured to use computer tests despite contract. Mr. Ewart said that paper testing is critical for K-1 skill development.

Ms. Renaldo said there is Batty for Bingo tonight, and the second night will be held on October 29th. Ms. Renaldo said that the vent is completely sold out. Ms. Renaldo said that the food trucks will arrive at 5 PM. Ms. Renaldo said that the bingo portion will start at 6 PM. Ms. Renaldo added that PTA has kicked off their Turkey Trot. Ms. Renaldo explained that Turkey Trot brings revenue to the school in addition to what the district already provides. Ms. Renaldo said that the goal for this fundraiser is $50,000. Ms. Renaldo shared that by day 2, the fundraiser has already raised nearly $11,000. Ms. Renaldo explained that a lot of new things have been incorporated in the fundraiser and this information has been sent home with the students already. Ms. Renaldo said that it is free to sign up. Ms. Renaldo said that they are allowing two adult guests per child to walk with their child during Turkey Trot. Ms. Renaldo clarified that the guest must be raptor approved, pay for the 5-dollar entry fee and once the guest list has been submitted, no guest can be swapped out. Ms. Renaldo said that the guests will come in at the time their child walks and leaves when their group is done. Ms. Renaldo said that PTA is still looking for a shirt sponsor. Ms. Renaldo explained that the cost of being our shirt sponsor would be 250 dollars in total. Ms. Renaldo said that the school store has been running low on volunteers. Ms. Renaldo said that the school store takes about 30 minutes. Ms. Renaldo requested that if we know anyone that is interested, to please reach out in the volunteer chat.

Mr. Ewart asked if anyone had any questions.

Mr. Ewart requested a motion to adjourn the meeting. Ms. Renaldo made the motion, and Ms. Moscosso seconded the motion. The meeting concluded at 8:54 AM
