

SILVER LAKES MAGNET AND STEM MIDDLE SCHOOL

School Advisory Forum Meeting Dates

2026-2027 School Year

Greetings to all parents, community members, and stakeholders,

At Silver Lakes Middle School, our mission is to ensure that all students achieve success while preparing them to meet tomorrow's global challenges in science, technology, engineering, and mathematics within a safe and civil environment. We believe the best way to fulfill this mission and vision is through shared decision-making and meaningful partnerships with our parents and community.

Because of this, we encourage all stakeholders to become involved with our **School Advisory Forum (SAF)**. The SAF provides an opportunity for parents, school staff, students, and community members to share information, identify community concerns, and strengthen collaboration among the school, families, and the wider community.

Our goal is continuous improvement and effective communication with all stakeholders. Your consistent attendance and valuable input at SAF meetings will help strengthen our school and community partnership. Please make time to invest in our children's success by attending the 2026-2027 SAF meetings listed below.

The SAF meetings will be held on the same dates as the School Advisory Council meetings and will begin immediately following each SAC meeting.

We look forward to you joining this valuable partnership!

Date	SAF Meeting Time	Location
August 20, 2026 (Thursday)	6:00 p.m.	Media Center
