Enrollment and Budget – 56 reassignments . They make up about a third of our students. West of 75 still working on it, there are multiple people working on it to

determine where they will be going. Still fairly confident that we will keep the

majority of the students, but we will see when the next reassignment opens. Doing

lots of estimating on what it will look like. I have not received budget. We will be lower. Have some teachers retiring this year so that will help with the reduction of students. Transfer seasoning opening up soon.

Redefining was told it would start again this year but have not heard anything yet so we will see. Just a question mark

Scheduling update – Shabsels has gone to Pembroke Lakes and Lakeside, students have received their course card. We are starting with the shell and will continue the process to see what we need to adjust to or change.

Edward What exactly is Global Perspectives- Cambridge class that the district wants all the students to participate in. We will be seeing if we will have a class on its own.

Hillaire found descriptions of Global and read to the group.

Dr. Barsoni – Has there been a decision on what the next class will be for core dual language? Henderson – have my eye on Science but they have not been approached yet we will still see if there are options.

Extended Learning - Run until testing, Hillaire does Language Arts, Bennett online Tues and Thurs.

Faculty meeting we will see how we can ramp up the kids for example the excelebration. Looking at ways to work in brain breaks for kids.

Excelebration – Tentative dates May 27, 28th not sure yet. We are looking at an earlier time than last year. Needed to see how to receive the data for all criteria. Will do it again PTSA will give us the course and a DJ. Want students to understand that they all have the ability to go.

Hillaire – Any additional items for the good of the group.
