PROFESSIONAL STUDY DAY WAIVER BALLOT -
Marjory Stoneman Douglas High school

In addition to the six early release days currently scheduled, the District shall provide that students at Marjory Stoneman Douglas High School be dismissed three hours early for up to four additional days during the school year for the purpose of High School Reform.

_____ I am in favor of the Professional Study Day Waiver for the 2025-2026 school year

_____ I am NOT in favor of the Professional Study Day Waiver for the 2025-2026 school year

☆ Waiver Purpose

School Improvement Waivers are designed to remove barriers to school improvement that have been found in state statute, school board policy, or collective bargaining contract (see School Board Policy #1403). Waivers must be based on sound educational research and evaluation, must be budget neutral to the district, must be supported by stakeholders in the local school community, and must be approved by 66 2/3% of the faculty. Waivers may be approved for up to five years by the School Board, but the faculty must approve the waiver each year. Waivers must be equitable for all students in a particular student group.

VII. Write the exact language of the school board policy or contract article that the proposed waiver will supersede.

(</li)

VIII. State the waiver: change, delete, or add to the policy or contract so as to fulfill the requirements of the proposed waiver.

(</li)

IX. State the rationale for the proposed waiver. How will the proposed waiver support school improvement? Give background information, history of barrier, etc.

(</li)

X. Recognizing that one strategy alone does not affect school-wide achievement, identify and explain the baseline data for the proposed waiver.

(</li)

XI. What reliable research studies, proven strategies, best practices, or similar programs support the probable success of the proposed waiver?

The proposed waiver is grounded in research-supported strategies and best practices aimed at ensuring its probable success. The implementation of Extended Learning Opportunities (ELOs), including full mock exams, aligns with proven approaches to enhance student preparation and performance. Moreover, the incorporation of data analysis protocols within PLCs underscores a commitment to evidence-based decision-making, identifying specific instructional and testing strategies that have shown success in improving outcomes. Offering ELOs during school hours for seniors not meeting concordance, along with targeted review programs for subject areas, reflects a strategic and research-backed intervention to support student achievement. The exploration and integration of the Cambridge AICE program further demonstrate a commitment to best practices by gathering information, creating timelines, acquiring syllabi, and selecting teachers based on their interest and qualifications. These research-informed strategies collectively contribute to the potential success of the proposed waiver. (</li)

XII. **Stoneman Douglas, M. HS (3011)** will evaluate the effectiveness of the waiver each year. Include current data in alignment to the baseline data to measure the impact of the waiver.

Year 1 End of School Year 2024 - 2025 Data	The PSD waiver has been successful at the midpoint of the year due to ongoing discussion during PLC time of Common Formative Assessment data. These discussions have allowed shared best practices to be discussed. We share strengths and weaknesses for the upcoming state-mandated tests. This allows us to assist one another to meet the needs of all of our students.

End of School Year 2027 - 2028 Data

Year 5
End of School Year 2028 - 2029 Data

XIII. **Stoneman Douglas, M. HS (3011)** confirms that for the upcoming school year, we will include our four Professional Study Days as part of our Master Plan (PLC Proposal) for approval by Professional Development Standards and Support (9759). Failure to meet the criteria set forth by Professional Development Standards and Support for the Master Plan will result in the denial of a Continuation Waiver for Professional Study Days.
