

**TEQUESTA TRACE
MIDDLE SCHOOL**

**Tequesta Trace Middle School
School Advisory Forum (SAF) Minutes**

Date of SAC Meeting:	April 30, 2026
Meeting Called to Order at:	9:00 am
Has a Quorum Been Established?	Yes
SAF Chairperson:	Corey Fleming

Mr. Fleming provided an update regarding recent district initiatives, highlighting a presentation delivered by Dr. Shapiro. This presentation outlined several programs that have been introduced and distributed throughout the district to enhance educational outcomes and operational efficiency. Mr. Fleming noted that, once the district completes the process of finalizing the language for the upcoming referendum, the finalized proposal will be shared openly with the community to ensure transparency and gather feedback from stakeholders.

Additionally, the district is considering strategies to optimize staffing and resources. One such approach involves the possibility of sharing staff positions across multiple schools, a topic that will be further explored as part of the ongoing discussions about restructuring the district's organizational chart. Importantly, while there have been conversations about redefining school structures to address shifting enrollments and resource allocation, there have been no discussions about selling district properties. Instead, the focus has centered on the potential to combine school populations as a means to maximize facilities, foster collaboration, and better serve students across the district.

Meeting Adjourned at: 9:03
