October 7, 2025

***SAF Minutes:*** Shared by Jennifer Weinrub (SAF Chair)

***Website Redesign and Content Management:*** District undertook a major website overhaul to address concerns about outdated content, navigational difficulties and lack of user-friendliness. Sites now feature hero showcases for branding and pride points highlight unique school attributes. Schools can update their homepage content but certain elements are managed centrally now for brand consistency.

***BCPS Cares:*** A new system meant to improve customer service and the resolution of concerns. Parents and stakeholders are encouraged to start with teachers and principals when addressing concerns before escalating to regional offices. Concerns submitted will receive an automatic acknowledgment reply and are typically responded to within 48 hours unless additional research is needed.

***School Nurse Shortage:*** Over 50 schools lack nurses due to funding lapses.
