**SAF Minutes**

Ms. Sotomayor presented information regarding the most recent SAF meeting. Ms. Sotomayor shared with the committee that there was a discussion regarding website updates. They are still working on improving school websites and they are encouraging schools to provide welcome pictures and videos to include on the school website. If schools do not provide pictures or videos, they will include generic ones.

Ms. Sotomayor shared the BCPS Cares initiative for families when they have a question, concern or compliment regarding their child's education or school.

In regards to cameras in self-contained classrooms, all parents must complete a consent form. Once 100% of the students in the classroom provide a response, communication will be sent home indicating whether or not a camera will be installed and activated.

There have been discrepancies in FOCUS particularly with 504 plans and archived IEPs. They are working on resolving these issues. Parents are encouraged to reach out if any files are missing.
