- i. Nothing to report – August/September 2025
- ii. Dr. Leff explains what SESIR is and how it is addressed.

c. School Budget: Dr. Leff explained what each fund is and what they mean. We missed our A+ rating by 11 points. Dr. Leff used the summer time to calculate how we would move forward and what plan we need to come up with to improve. There are things that will change with 6th grade. We are no longer on the elementary accountability system. We are in the middle school accountability. Elementary has 7 buckets and added an 8th. In middle school, there are 10 buckets. Now we must be at 65% to be an A school. All goals are based on a 65% threshold.
