Redefining Our Schools

2026-27

Broward County Public Schools continues to experience declining enrollment, with District school enrollment decreasing by 10,718 students compared to last school year. During the August 25, 2026, School Board Workshop, staff presented recommendations for 10 schools to be included in this year's Redefining Our Schools process. Community members are encouraged to attend the September meetings to learn more, share feedback, and help shape the future of our schools. Your voice matters as we work together to support students, families, and the Broward community.
