Continuation Waiver

Waiver for the continuation of the Professional Study Days. Professional Study Day (PSD) is designed to provide teachers with dedicated time for professional learning and collaboration through their Professional Learning Communities (PLCs). The purpose of PSD is to engage in meaningful professional development, analyze student data, share instructional strategies, and plan collectively to improve student outcomes. Data presented to support waiver: The percentage of students scoring proficient or higher in Biology by May 2025 was 89%. The percentage of students scoring proficient or higher in Algebra by May 2025 was 67%. The percentage of students passing at least one AP, AICE, or CTE exam, or earning a grade of C or better in a Dual Enrollment course, was 80% by May 2025. The percentage of students achieving proficiency in Reading was 78% by May 2025 as measured by the FAST ELA PM3. The percentage of students in the lower quartile demonstrating a learning gain in Reading was 67% as measured by the FAST ELA PM3 at the end of May 2025.

When we did not have any Study Days teachers were asked to complete tasks on their own, and it was a burden to not have time allocated for planning and progress monitoring.

Parent feedback was solicited on the plan, and teacher feedback was provided.
