He is also looking into getting a new VPK class next school year, but that is something that is federally funded. Our ESE students for Mrs. Lazarre's class had the opportunity to present on the morning announcements. And from this Mr. Alejo is starting something new where staring with our 5th graders some students from our gen ed will go to our ESE class for tutoring. Michelle suggested that this be documented to be able to showcase on social media to be able to attract even more parents to our school. Coconut Palm is part of the refresh program where CPE will be getting all new HP laptops. Alejo advised if we were to become a K-8 security will be increased. And also they will have to figure out to schedule the upper grades and where in the building to have them.
