New Business and Mrs. Khadour's Updates from Everglades i-Zone Meeting:

Ms. Khadour provided an update from the February 20, 2026, Everglades Innovation Zone Parent Meeting that was held at Sunset Lakes Elementary School. District representatives provided an overview of the Everglades Innovation Zone structure, which aligns feeder pattern schools in the South Region to promote continuity in academic programming, shared resources, and collaborative planning from elementary through high school. The purpose of the Innovation Zone model was to strengthen student achievement, increase enrollment stability, and ensure strategic use of district resources.

Presenters discussed current enrollment trends, projected student distribution, and the impact of district wide right sizing efforts. Information was shared regarding academic alignment across schools within the zone, including curriculum consistency, intervention supports, and opportunities for advanced coursework. Families were also informed about ways to remain engaged through SAC, SAF, PTA, and district advisory committees.

The meeting concluded with a question and answer session, allowing parents to seek clarification regarding zoning boundaries, transportation considerations, school capacity,

and long term planning for the Everglades cluster. District leaders emphasized their commitment to transparency and ongoing communication with families as adjustments are implemented.

Next Meeting: The next SAC meeting is scheduled for April 13, 2026 directly after the SAC meeting, in the Media Center.

Meeting Adjournment: Motion to adjourn at 2:40pm by Mayra Sanchez and seconded by Dawn Spaeder.
