Call to Order

The Dolphin Bay Elementary School Advisory Forum meeting was called to order at 2:45 PM, immediately following the adjournment of the SAC meeting.

Election of SAF Chairperson

Yoleth Khadour was nominated and elected as SAF Chairperson for the 2026-2027 school year. Suhaiti Suarez is no longer a member of the SAF committee.

Approval of Previous Minutes

A motion to approve the May 2026 SAF minutes was made by Dawn Spaeder and seconded by Annia P. Arche. The motion carried unanimously.

South Area Advisory Update

An update was provided from the South Area Advisory Council regarding student technology resources, Xello, and Broward County Public Schools' Redefining Our Schools initiative.

Xello is the District's college, career, and life-readiness platform for students in kindergarten through Grade 12. It provides age-appropriate activities that help students identify interests, recognize strengths and skills, set goals, and explore careers, colleges, majors, scholarships, and future educational opportunities. At the elementary level, Xello introduces self-awareness, goal setting, and career exploration through developmentally appropriate activities. For students in kindergarten through Grade 2, the Career Town experience introduces careers and helps students connect their interests and abilities with the world around them. The elementary program is intended to encourage exploration and future readiness, not to require young students to select a career.

Parents and guardians may receive access to a Xello Family account. The family portal allows them to review their child's completed work, interests, skills, saved careers, goals, and future plans. Families seeking access or additional information may contact the school counselor. Members clarified that Xello supports college, career, and life readiness; it should not be described in the minutes as a computer screen-time monitoring program.

Members also discussed the Redefining Our Schools initiative. Broward County Public Schools is reviewing under-enrolled schools and considering strategies such as adding programs, adjusting boundaries, combining

schools, closing schools, and repurposing campuses. Dolphin Bay Elementary is included in the 2026 -2027 process. The proposal identified for community discussion would transition students from Dolphin Bay Elementary and Silver Lakes Elementary into an expanded Glades K-8 school and would also expand Sunset Lakes Elementary into a K-8 school. Members acknowledged that the proposal remains under review and that no final decision was reported during this SAF meeting.

Parents, staff, and community members were encouraged to review District information, attend public workshops and community meetings, and provide feedback regarding the importance of Dolphin Bay Elementary to its students, families, and community. The next School Board workshop in the District timeline is scheduled for September 22, 2026, followed by comprehensive stakeholder engagement during September and October 2026.

New Business

Members reviewed upcoming school and District dates, including Progress Monitoring assessments, interim reports, Volunteer Orientation and the PTA meeting, Grandparents Day Breakfast, the PTA Welcome Back Dance, the next SAC/SAF meeting, and the September 22 Redefining Our Schools workshop. Members were encouraged to share the dates with families and support participation in school and community engagement activities.

Next Meeting

Monday, September 14, 2026, from 2:15 PM to 3:15 PM.

Adjournment

A motion to adjourn the SAF meeting at 2:48 PM was made by Annia Arche and seconded by Lisette Perez. The motion carried unanimously. No additional input was provided by parents, teachers, or community members.
