- Tonisha N. McNish-Walker was nominated and elected as SAC Co-Chairperson.
- The elected officers accepted their positions.

Approval of Previous Minutes

A motion to approve the May 2026 SAC minutes was made by Dawn Spaeder and seconded by Jeremy Scott. The motion carried unanimously.

SESIR Data

One SESIR incident was reported for the 2025-2026 school year.

Accountability Funds

The total balance was awaiting rollover from the previous school year. No final rollover amount was reported during this meeting.

School Improvement Plan

Kaylynn Wingfield presented the School Improvement Plan for the 2026-2027 school year. The plan emphasizes English Language Arts and identifies four focus areas:

- Lowest Quartile students
- Students with Disabilities (SWD)
- English Language Arts in Grades 3-5
- English Language Arts in Grades K-2

Chassah Perez asked how the school determines its areas of focus. Sandra Nelson explained that school and student performance data are reviewed to identify academic needs and student subgroups requiring focused

support. She stated that improving student proficiency is an important part of the school's continued progress and is used to guide school improvement priorities.

New Business: Redefining Our Schools

Sandra Nelson provided an update regarding Broward County Public Schools' Redefining Our Schools initiative and its potential impact on Dolphin Bay Elementary School. The District is reviewing under-enrolled schools and considering ways to align school facilities, programs, funding, and instructional resources with current enrollment and community needs. Strategies under consideration may include adding educational programs, adjusting attendance boundaries, combining schools, closing schools, or repurposing campuses for community services.

Dolphin Bay Elementary is included in the District's 2026-2027 Redefining Our Schools process. The proposal identified for community discussion would transition students from Dolphin Bay Elementary and Silver Lakes Elementary into Glades Middle School and expand Glades Middle School into a K-8 school. The proposal would also expand Sunset Lakes Elementary into a K-8 school. Members acknowledged that the proposal remains under review and that no final decision was reported during this SAC meeting.

Parents, staff, and community members discussed concerns about the possible loss of Dolphin Bay as a traditional elementary school. Participants emphasized the value of a dedicated elementary setting for younger students and the importance of preserving the relationships, programs, routines, and sense of community developed at Dolphin Bay. Members also discussed possible effects on student transitions, school culture, and families if the proposed K-8 configuration moves forward.

During the meeting, it was reported that approximately 40% of Dolphin Bay Elementary's enrollment is through school choice. Members stated that this reflects families intentionally selecting Dolphin Bay and believed that this information should be considered during the District's community engagement and decision-making process.

Sandra Nelson encouraged parents, staff, and community stakeholders to remain informed, attend public meetings and workshops, and provide comments or testimony about how Dolphin Bay serves students and families. The next School Board workshop in the District timeline is scheduled for September 22, 2026. The District timeline also identifies September and October 2026 for comprehensive stakeholder engagement and community meetings.
