## SAF MEETING NOTES 9/18/2025

1. Conducted Introductions for new SAF Chairs

2. Voting commenced for North Area Advisory:

- Teacher Representative
- Student Representative
- Parliamentary Representative
- ESOL Representative
- Citizen at Large

ESE Advisory Guest Speaker

Ms. Jacqui Luscombe

- Board established department that advocates for students with learning disabilities
- This department manages the policy challenges developmental issues with Individual

Development Plans

- Transportation is a major issue that needs more training and awareness around non-verbal and other conditions that require specialized skill sets.

IMPORTANT PROGRAM RESOURCE

- There was a camera pilot program that can now be implemented in the ESE classrooms specifically for students who are non-verbal or have emotional management disorders and the students cannot communicate to their caregivers or guardians

- Self contained classrooms- specifically

- Cameras can be installed, BUT there has to be an agreement by all parents of a student per the Parents Rights Bill

- Recordings are saved for 30 days

## ESE & FOCUS APP RESTRICTIONS

ACCELIFY and FOCUS don't integrate

There have been confirmed limitations for FOCUS platform being restricted from integration with ESE progress reporting software and IDP management for 504 plans. This was proposed as an upcoming feature but it was denied due to funding reasons per guest speaker

If you do have a 504 plan there will be no reporting of your child's status for grades and performance.

## FOCUS PLATFORM

Guest Speaker- Danny Tritto

- He is the representative for the Focus platform and can assist with general tech concerns.
- He does not know about the ACCELIFY - FOCUS integration issue

Content Covered:

- Reviewed parent portal
- Purpose of platform is to provide an updated student information system
  - This allows alignment with grading and awareness for both parents and students.

## Parents Instructions

To access the site and the content CREATE AN ACCOUNT!

Link Below:

<https://browardschools.focusschoolsoftware.com/focus/auth/>

Parents need to know:

- Child name
- Birth date
- Student ID
- Create a password

NOTE:

1. You must have custodian authority on the child's account
2. When you originally login you will be prompted to sign all forms AND THEN see students information

- Multiple accounts can be created for the child however, if there are differing opinions in the preliminary forms like photos, sensitive topics, etc. The REGISTERING PARENT has the authority over the forms and what is acceptable.

- If there are differences between parents both will have to come to an agreement outside of the school. There should be no changing of documents until a final agreement has been made with both parents (married, divorce, separate, etc.)

The school's IMT has to approve the account after submission

☆ Goal is to eventually move towards a digital platform for all forms and student information☆

Discuss school banners and guidelines

Guest Speaker- Jeff Bold

- Maximum size 4ft x 8ft
- No minimum size

There will be a mandatory tag line at the bottom on the banner

"THANK YOU TO OUR PARTNER IN EDUCATION"

Once you choose your banner there should be a consistent format on the color scheme

**\*\*NO ADVERTISEMENT \*\***

The banner cannot offer deals or sales/prices

Only information about the business
