Guests in Attendance: Lorenzo Wood

- Call to Order and establish quorum. Quorum established. The meeting started at 3:09pm
- We have a new member today. Officer Clark is joining as the new SRO
- Approval of Minutes-we tabled the approval of the minutes until next meeting.
- Principal's Report-Dr. Kaplan could not be here. Coral Glades is moving forward full-steam ahead. Getting ready for testing season.
- PTSO Report-Score at the Top is coming up. They need more sign-ups. Please recruit people you know. It starts March 4th. This Wednesday is pizza day. There will not be cashless options.
- SIP Monitoring
 - <https://www.browardschools.com/Page/35378>
 - You can access the SIP plan by using the link above.
- Accountability funds \$14,850.32. Some money has been used to pay for detentions. Mrs. Morst asked if there has been a memo about possible rollover of funds. There was an email that they won't over the accountability funds. The question was asked at last Thursday's meeting. There is no statutory requirement that the money be rolled over.
- SESIR (School Environmental Safety Incident Reporting)-We had six incidents in December of drug possession (excluding alcohol)
- Old Business
- PSD Waiver-right now we have a waiver for 4 PSDs. We are one of 6 schools that are on an exam exemption waiver. At our March meeting we will present the results of the continuing

waiver vote. Mandisa Murray presented data on testing as follows: We got very good results from PM 1 and PM 2. We had a nine point gain this year in PM results over last year.

- Teachers who answer the poll said they valued the time with their colleagues. Most teachers at the school work a straight 8 periods and do not get much time to collaborate with colleagues.
- Teachers at the meeting gave the following feedback: For the exam exemption: Ms. Scott said having midterm data is valuable in helping to plan for EOC instruction. The midterm is a very good progress monitoring set. Mrs. Luna said it is useful to use the midterm to see how far the student has progressed and also help teachers figure out what they need to go back and re-teach. Mrs. Schoen said most of our students go to college. If they are exempting the midterm, they are not getting good training for college where midterms and finals can make up the whole grade.
- Parents had the following to say about the exemptions: Mr. Hilaire asked why students were given the opportunity to exempt in the first place. It is because it was believed that students were over-tested. Mr. Hilaire asked if there is evidence that students who exempt on the midterm actually performed worse on the final. There is no data speaking to that question because this is the first year we have forced students in those classes to take the midterm. Mrs. Tortorella wanted to clarify that this has just added bans on midterm exemptions for Algebra, Geometry, Biology and US history) It was confirmed that those courses were the ones for which the ban was enacted. Mrs. Tortorella said she was in favor of the students having to take the midterm in EOCs.
- Students said the following: Fiorella Camperos said taking the midterm gives students good exposure to the material because it forces you to always review the content. But she said that students who understand the material get good grades and would do well on the midterms. Students who are showing a lack of proficiency would not be able to exempt the exam in the first place. Ms. Scott said it is important to get more students to take the midterm because it gives us a larger sample size. Larger sample size indicates better data.
- Mrs. Gebbia requested clarification regarding the data and how it is used. Clarification was provided by Ms. Scott, the Testing Coordinator, as well as Mrs. Brissett, a classroom teacher.

- PSD Input – Teachers spoke. Dr. Bradley said attendance is atrocious on PSDs. Mrs. Schoen said it is common to have 6 kids present out of 30 on a PSD. She reminded everyone that PSDs are school days.
- Parents: Carole Brown said that from parent perspective they have to leave the kids at home because otherwise it creates a problem for parents who have to leave work in the middle of the day to pick up the kids earlier than they would normally do so.
- Mrs. Brissett said we could examine those concerns and possibly not pursue PSDs at the end of the waiver period.
- Mrs. Morst said at the latest District Attendance meeting they asked for data on attendance on PSD and half days.
- Students said the PSDs and half days are a well-needed break. And they need those breaks! Emmie Guzman said she is very active in school. Often she does not get home until 10pm. Having PSDs allow her to reset and catch up on things.
- Mrs. Brissett's recommendation is to keep the language from last year's ballot on Exam exemption waiver and just change the years on the ballot. Mary Beth Gebbia made a motion to keep the language of last year's ballot. Tamara Schoen seconded the motion. The waiver language passed. Carole Brown motioned to accept the language of last year's ballot for PSDs and Fiorella Camperos seconded.
- Taushauna Thompson said she values the PSDs because it is valuable time to go over data and coordinate planning. It's also a good chance to do best practices presentations.
- New Business
- Adjournment-Motion to adjourn at 4:18 by Carly Figueroa and seconded by Mrs. Gebbia.

*Followed by SAF meeting.

Meeting started at 4:19.

There was an email sent out to report how much money the schools need for testing. If there is a need in any department, please email Mrs. Morst. Since they pulled the money for testing material at the beginning of the year and they are not giving it back to us. Mrs. Morst says the reason the state is only going to fund at 50% is because some schools were not spending all of the money. Schools were holding rollover funds and it needs to be spent on students. Principals countered with schools are holding the money for long-term projects. The state holding onto that money is illegal.

Hazel Health is going to be discontinued at the end of this year.

There was a testing workshop where parents claimed that students at elementary school were being over-tested. There will be a focus group to discuss testing in the coming year.

Mrs. Ackerman said why are we using Kelly Services for subs, which is costing millions of dollars when schools used to handle subs in-house.

The elimination of GLP-1. Ackerman said it is being pursued by professional legal representation on the part of the Union. They did not say they were eliminating it during open enrollment. That is breach of contract. The Union is challenging it because the decision was made behind closed doors.

The hiring freeze – They are supposed to be sending staff back to the schools. Math and reading coaches are being sent back into the classroom at least part time or sometimes full-time. There is no hiring freeze for campus monitors.

Motion to end the SAF meeting at 4:40pm. Seconded by Roxanne Brissett.
