School Advisory Council and School Advisory Forum

What is SAC?

School Advisory Councils (SAC) set up priorities and student performance standards that serve as guiding principles for schools. A School Advisory Council looks at aspects of their school as suggested by the priorities and develops a written School Improvement Plan as part of the school and District's continuous growth model.

What is SAF?

The School Advisory Forum (SAF) is open to all members of the school and community. The Forum has one member to report to the School Advisory Council, which then sends a representative to the district SAC. The district SAC acts as advisors, mentors, and advocates to both the district and to each school advisory council.
