3. School Advisory Forum (SAF) Update: *Report was given by Marsha Stephenson*

- a. SAF meeting occurred on 10/16, and the main agenda was how to reduce vaping by implementing a pilot program at select middle and high schools. Due to a lawsuit that was won by BCPS against a vaping company. The funds will be used to mount sensors in the restroom that will not have audio or facial recognition only use radioactive waves and students will be seen as dots with identifiable spots after vaping. The forum also has eyes on bullying and aggressive behaviors. The system will alert security so that students can disperse.
